

Final Project

- Final project can be selected between two alternatives:
 - Academic
 - Business
- Students will work in groups (max 4 people)
- Each group will submit a project report and there will be 5 min presentations at the end of the semester.

Final Project

- For those who are interested in academic version:
 - Find an interesting journal paper
 - Read and understand thoroughly
 - Discuss drawbacks and strong points of the paper
 - Apply the solution approach in a small scale problem and discuss the results

Final Project

- For those who are interested in business version:
 - Come up with a hypothesis/argument
 - Work as if you are an analyst in a consulting company and find arguments either to support or disprove the hypothesis.
 - Provide analytical results to support your ideas.

Deadline:

- Proposal deadline: April 3rd, 2023
- Project presentations: May 8th – 12th
 - 5 min presentation
 - Projects reports: May 12th, 2023
